THE FRAME FACTORY

“A picture without a frame is like a soul without a body”

We can frame anything you want The way you want it!

FRAMES: Ornate, Natural, Box, Stained, Metal or Pre-finished Frames. (Different types of woods stained any colour and all hand finished)

We sell standard size **clipframes** & we can also make clipframes to any size

GLASS: Ordinary, Non-reflective or Conservation Glass cut to any size. (Plastic Glass available as an alternative)

MOUNTS: Wide selection of coloured, museum, ph neutral mounts & specialist mountwork. We can also add wash lines and title boxes.

ARTWORK: Prints, posters, photos, limited editions, tapestries, batiks, watercolours or even objects.

Drymounting: (Flattening process) even large items.

BACKING: All backed with hardboard & ready to hang.

We offer stretchers made to size & **CANVAS STRETCHING**

We also offer **CANVAS CLEANING**

IF YOU WANT YOUR ARTWORK TAKEN CARE OF & FRAMED PROPERLY, THERE IS NOWHERE ELSE TO LOOK!

We provide the only 'bespoke' service at 'ready made' prices on a number of mouldings.

THIS IS THE CHEAPEST BESPOKE SERVICE IN SOUTH LONDON!

Why we're unique from the ordinary framers is simple...

Our team are passionate and dedicated about picture framing and we are prepared to go 'the extra mile for you'. Our standards are higher because our organisation and working practice is polished. Our prices are lower because of unique storage and workshop solutions.

We have extensive experience and a love for the framing business. We, quite simply, know what we are doing, having a natural talent that lends itself to all we do.

We offer professional, expert advice and a type of framing service dramatically different from the normal 'clinical' approach, which we feel detaches the creativity of the artwork from the framing process.

We are the only professional framers in the area to offer a wide range of natural wood mouldings, stained or waxed any colour you want. We also offer effects paint and 'distressed' finishes to suit the artwork.

All our staff are artists in their own right, and will make sure the choice of frame suits the needs of the item to be framed within your specifications.

Feel free to bring in large or small pieces. Our framing bench is wide enough to enable you to spread out a number of pieces, whether large or small, and spend as long as you need choosing.

We won't rush you and find that most people enjoy the process, from deciding on the 'look' to seeing and enjoying the finished product.

The personal, expert service from a small shop outlet is something that has sadly declined in retail. However, at THE FRAME FACTORY we treat our customers personally and for that reason alone it is worth checking us out.
